PROFESSIONAL OVERVIEW

An enthusiastic CSE student with a strong foundation in Python programming, machine learning, and generative AI concepts. Familiar with Python, data preprocessing, machine learning algorithms, and libraries such as NumPy, Pandas, and Scikit-learn. Interested in developing AI-powered applications, exploring large language models (LLMs), and building intelligent solutions to real-world problems. Seeking an opportunity as a GenAI/ML Python Developer to apply my technical skills, gain hands-on experience, and contribute to innovative AI-driven projects.

WORK EXPERIENCE

Data Analyst Intern– AatzyTechnologies
Worked on competitor analysis, data collection, data cleaning, and reporting using Excel. Generated insights from market data and supported business decision-making through structured reports.

MySQL Intern – Sputnik Info Tech
Worked on relational database design, schema creation, and SQL query optimization. Managed data efficiently through database normalization and query execution.

PROJECT

BrainTumorDetection - IoU Optimization – Built a Deep Learning-based application to detect and classify brain tumors from MRI images. Enhanced prediction accuracy through IoU optimization and deployed the model using Flask for real-time result visualization**.**

CERTIFICATION

Python For Beginners – Simplilearn [Oct 2026]
Introduction to SQL – Simplilearn [June 2026]
Human ComputerInteraction – NPTEL[Oct2025]
Cloud Computing – NPTEL[Oct 2025]
Introduction to Generative AI – Simplilearn [Oct 2026]
AI Agent for Beginners – Simplilearn [Oct 2026]
Machine Learning using Python – Simplilearn [Oct 2026]

ACHIEVEMENTS

Received the **Event Coordinator and Cinematographer** Award for outstand ing dedication, creativity, and active contribution to departmental events and initiatives.

LANGUAGE

English , Tamil , Arabic

EDUCATION

B.E. CSE, SIT Virudhunagar
CGPA (Completed)– **7.5/10**
HSC, Fusco's, Madurai
Percentage (2021–2022) – **73%**
SSLC, Saracens, Madurai
Percentage (2019–2020) – **65%**

SKILLS

- Python Programming
- Machine Learning Fundamentals
- Generative AI Fundamentals
- Data Preprocessing & Analysis
- SQL
- Statistics & Probability

SOFT SKILLS

- Analytical Thinking
- Problem Solving
- Attention to Detail
- Communication

TOOLS

- VS Code
- Git & GitHub
- Jupyter Notebook
- Postman
- MySQL / PostgreSQL
- Flask

INTEREST

- Generative AI & Large Language Models (LLMs)
- Machine Learning Model Development
- AI-Powered Application Development
- Deep Learning
- Exploring New AI Technologies
